

BRIGHT TO SERVE SIX MONTHS TERM

Judge Sparks Invokes Suspended
Sentence Given Fred Bright Early
in 1923

CONDUCT HELD INSUFFICIENT

Evidence Showed That He Received
Stolen Goods, and Knew They
Had Been Stolen

The six months suspended sentence of Fred Bright, 1036 North Arthur street, was invoked this morning in the circuit court, when Judge Sparks heard the evidence concerning the connection that Bright had in receiving stolen goods from Teddy Palmer.

Both prisoners were brought into the court room, where the inquiry was held, and the evidence introduced. Bright was arrested in 1923 with several other men charged with stealing coal from Big Four railroad cars, and each was given suspended sentences, upon promise of good behavior.

In the early part of December, the Big Four railroad station here was entered, and the crime was traced to Teddy Palmer, who confessed and on December 8 was given a term of one to eight years in the reformatory.

About the same time, two nickel plate coffee pots, valued at \$5 was stolen from the rear room of the A. G. Haydon hardware store, and Palmer, after he had been arrested on the Big Four charge, admitted taking the coffee pots, and selling them to Bright for fifteen cents apiece.

It was stated that Palmer went to Bright afterwards and told him to give him the coffee pots back, because they were stolen, but it is said that Bright didn't do it, and the police went to his house and got both of them, and also arrested him for receiving stolen goods.

The charge was filed against him, and Palmer has been held in jail as a witness until Judge Sparks heard the evidence as to whether the facts constituted cause for invoking the suspended sentence. This morning, after the evidence had been heard, Judge Sparks lectured both prisoners as conflicting stories had been told concerning the affair. Palmer had changed his version since he had made a confession. Judge Sparks said the sentence of 1 to 8 years would stand against Palmer, and that the six months sentence imposed on Bright almost two years ago, would also have to be served.

Both men went back to jail, and will be taken to begin serving their respective terms in a day or so.

DENIES HE INTENDED TO PROPOSE DEBT POOLING

French Finance Minister Protests
That Part of His Inventory Had
Been Misinterpreted

ONLY APPROVAL IN PRINCIPAL

Paris, Dec. 30—Finance Minister Clementel, whose budget statement with its sign of new agreements regarding France's debts caused a sensation in financial and government circles throughout the world, protested to the French press today that parts of his financial inventory had been misinterpreted.

He had not intended, the minister said, to propose pooling of allied debts.

"Current French opinion favors this, but it would not sponsor it," M. Clementel explained.

A literal translation of his inventory presented to the chamber on Saturday could only be taken as approval in principle of such a plan, however.

The minister said, moreover, that he does not assume responsibility for the suggestion that the American war tax profits should be deducted from France's debt to the United States.

The chamber of deputies last night refused to debate on interpellations regarding prosecution of the editor of L'Esclair for publications but instead gave the government a vote of confidence 303 to 0, the opposition refraining from voting.

Corn Judging Contest Open for 7
and 8th Grades Also

The boys and girls corn judging contest which will be held in Rushville Saturday of this week, is open to all high school students in Rush county, and also for pupils in the seventh and eighth grades, it was announced today.

Twenty-five awards will be made and all pupils are asked to meet at 8:30 Saturday morning at the county agent's office to receive instructions in the contest from Paul Inel, vocational teacher of Walker township, who will have charge of the work. The contest Saturday is in advance of the Rush County Corn show, to be held January 6, to 8, and is to interest the school children in judging corn.

FORMER STATE SENATOR IS DEAD AT GREENSBURG

Lemuel P. Dobyns, Who Was Related
and Well Known Here, Expires
After Stroke of Apoplexy

MARRIED A LOCAL WOMAN

Relatives in this city have received word of the sudden death of Lemuel P. Dobyns, which occurred Sunday night at nine o'clock at the home of his sister, Mrs. Jessie Whitten in Greensburg. Mr. Dobyns, who has been in his usual health, became ill about eight o'clock that night from the effects of a stroke of apoplexy and an hour later died.

The deceased was a son of the late Henry and Elizabeth Dobyns and was born in Mason county, Ky., October 16, 1866 and came with his parents to Clarksburg in 1870, and later moved to Greensburg. On February 7, 1907, he was married to Miss Sue Prime of this city, who preceded him in death January 8, 1921. Since that time he had made his home with his sister. He was a prominent member of the K. of P. lodge. In 1916 Mr. Dobyns was honored by the Republicans of Decatur, Rush and Bartholomew counties by being nominated for state senator and was elected by a popular majority. He served in the sessions of 1917 and 1919 and was chairman of the committee that framed the state highway law.

He had several friends and two cousins, Birney Parthing and Walter Ray, living in this city. The funeral services will be conducted Wednesday afternoon at two o'clock at the late residence and burial will take place in South Park cemetery.

WASHINGTON TOWNSHIP REPORTS \$30 FROM SALE

Christmas Seals and Health Bonds
Receipts Still \$41.90 Short of
Last Year's Total, However

ORANGE TO BE HEARD FROM

With reports received from all but one township in the county, total receipts from the sale of Christmas Seals and Health bonds was still \$41.90 short today of the total sales last year.

Washington township reported \$30.00 realized from the campaign, which brought the amount received to date up to \$1,842. Last year the receipts amounted to \$1,883.90.

If Orange township, the only one which has not reported, sold as much as \$41.90, or if there are a few more sales in Rushville city which have not been reported, last year's goal may be reached.

Mrs. Eli Martin, who was chairman in Washington township, made the following report:

OUT OF DANGER

Mrs. John Worthington, who suffered a serious attack last Saturday and was critically ill, was reported today to be out of danger.

ONE CAT THAT WON'T COME BACK

"Be Ye Not Afraid"

Logansport, Ind., Dec. 30—

"Be ye not afraid."

This Biblical quotation, done in needlework on a cloth background after the fashion of mottoes common in country homes a quarter of a century ago, hangs today on the wall above the couch where Viola Hobough, 3 was slain Sunday night.

The little girl's own mother, Mrs. Emma Hobough, is accused of killing her and three other members of the family while temporarily deranged.

Close guard was kept over the death house today to prevent souvenir hunters from carrying away bits of furniture as mementoes of the gruesome killings.

FARMERS ARE NOT GIVING CENSUS MEN ASSISTANCE

Urged Not to Hesitate to Divulge
Facts About Their Business as
They are Confidential

TO BE BASIS OF LEGISLATION

Roy Meeker of Muncie, assistant to Clarence Cecil, district supervisor of the agriculture census that is being taken, was in Rushville Monday and reported that census takers in Rush county were not meeting with the co-operation of farmers in attempting to gather information for the census.

He explained that the information given to those charged with the responsibility of taking the census is absolutely confidential and divulging of any facts in connection with the census is punishable with a prison sentence.

The statistics which are being gathered will be made the basis of farm legislation to be enacted and they will not be divulged in Washington. Farmers are assured by Mr. Meeker that they will not suffer in the least by giving the census takers the information they seek.

This is the first time in the history of the country that a farm census has been taken except every ten years when the regular census is taken.

ODD FELLOWS NOTICE

Every member of Franklin Lodge No. 35 I. O. O. F. is urged to attend the meeting Wednesday evening. Business of importance will be discussed. Refreshments of cigars and apples.

WHOLESALE SLAYING IS WORK OF MANIAC

Mrs. Emma Hobough, 33, a Widow,
Confesses Murdering Four Mem-
bers of Family Near Logansport

HER DAUGHTER ONE VICTIM

"They Treated Me Mean", is Her
Only Explanation of Act—A Par-
anoiac, Coroner Says

(By United Press)

Logansport, Ind., Dec. 30—Mrs. Emma Hobough, 33, a widow, has confessed murdering four members of her family at the farm home of her father, eight miles north of here Sunday night, Sheriff Walter Bowyer announced here this afternoon.

The confession was made while the woman was sitting in her cell and being questioned by the sheriff in the presence of a Logansport man.

"I never used a shotgun before" she told the sheriff. "I did not know how to open or close the breach, but I did it. I wondered at the time if the neighbors heard the shots." The sheriff did not attempt to get a detailed confession from her when she made the confession. He planned to secure a signed statement later in the day.

"They treated me mean," was Mrs. Hobough's only explanation for the act.

Coroner Stanton in his verdict today declared that the murders were committed by a paranoiac, suffering with hallucinations of grandeur and persecution.

He filed an affidavit charging insanity in justice of peace court and an inquest into the woman's mental condition was ordered for this afternoon.

Stanton recommended to Merl Wall, county prosecutor that the woman be adjudged insane and rushed to the state hospital immediately and that there be no criminal trial.

"There is no doubt that Mrs. Hobough is violently insane," Stanton said. "There is no use of going to the expense and delay of a criminal trial when the outcome would be exactly the same."

Stanton's verdict held that the murder victims met death from gun shot wounds in the head, inflicted with a shot gun in the hands of Mary Emma Hobough, a person of unsound mind.

"I ought to have done it nine years ago," Mrs. Hobough told the sheriff after her confession. "Peo-

Care Urged by Mayor to Avoid Injuring Children

Mayor Walter R. Thomas today called attention to the danger that lurks in the streets while they are covered with snow and boys and girls are playing with sleds.

He urged that the utmost caution be used by drivers of automobiles in order to avoid injuring children who are making the most of their opportunities to play during the Christmas vacation.

The Mayor said that motorists should know when children fasten sleds to machines so that they can use care in turning corners.

Children are also urged to be cautious about sliding in the streets as they may run directly in front of an automobile.

Drivers of automobiles have found that speed is dangerous when the streets are slippery because it is impossible to stop very quickly.

"KID" MCCOY TO APPEAL FROM JURY'S VERDICT

Conviction of Manslaughter for
Death of Mrs. Mors Regarded by
Counsel as Compromise

PENALTY OF 1 TO 8 YEARS

Los Angeles, Calif., Dec. 30—Convicted of manslaughter for the death of Mrs. Theresa Mors, who was the latest of his many loves, "Kid" McCoy (Norman Selby) will appeal.

This is nothing more or less than a compromise verdict, the former fighter's chief counsel said, commenting upon the action of the jury which was out 78 hours and took 24 ballots before reaching a decision.

Although McCoy was tried for murder, the foreman of the jury at five o'clock yesterday afternoon, announced:

"We, the jury in the case of the people versus Norman Selby, find the defendant guilty of the charge of manslaughter, a felony."

The verdict carries a penalty of from one to ten years imprisonment and Judge Charles S. Crail will pass sentence on Friday.

"I guess the jury did the best they could," was the judge's comment. The jurors Sunday night stood 10 to 2 for a manslaughter verdict and by noon Monday they stood 11 to 1, but it was not under 15 minutes before five that all agreed.

URGES FEEDING OF THE BIRDS

Quail and Other Birds are Starving
on Account of the Snow

Ben Oster of this city who is the official census taker for birds in Rush county, and who works under the direction of the biology department at Washington, D. C., announced today that persons should feed birds because they are starving to death on account of the snow.

Mr. Oster went out into the country this morning and in several places discovered birds that were in need of food, and in many places quail were suffering because of the lack of food. Farmers and others are urged by Mr. Oster to throw wheat and other grain out on the snow to tide the birds over until the snow melts.

NEW PARAPHANALIA TO BE BOUGHT BY LODGE

Subject Will be Discussed by Odd
Fellows Wednesday Evening—
Committee Visits Factory

TO PROPOSE FINANCING PLAN

Every member of Franklin Lodge No. 35 I. O. O. F. is being urged by the officers to attend the regular meeting Wednesday evening for the purpose of discussing the paraphernalia problem. The new building will soon be ready for occupancy, and, as it will require at least a month to manufacture the equipment required for the presentation of the degrees of the lodge, it is essential that the order be placed soon so that the degree work may be taken care of.

A committee that was appointed two weeks ago has visited the paraphernalia factory and will report at the meeting Wednesday evening. They will also propose a plan for financing this matter as well as the furnishing of the lodge room proper, which will be remodeled as soon as the new building is completed.

Refreshments of cigars and apples will be on tap and a large attendance is anticipated on account of this being the last day for the payment of dues.

PROGRAM OF READINGS AND MUSIC AT MEETING

Daughters of Rotarians and Others
Entertain at Weekly Luncheon
Today Noon

CARL JOHNSON IS SPEAKER

Rotarians were entertained with a program by daughters of Rotarians and others at the regular luncheon session today noon at the Social club. The program closed with a short talk by Carl Johnson, son of Mr. and Mrs. Clair Johnson of this city, who is a student in Evansville college, and who spoke on the value of friendship and making friends.

The first part of the program opened with a violin number by Miss Gladys Tittsworth of Centralia, Ill., with piano accompaniment by Mrs. Horace Foster of Pittsburg, formerly Miss Dorothy Sparks of this city. Following an encore, Miss JoAnne Harrold gave two readings, and David S. McIntosh, supervisor of music in the Rushville schools, sang a solo. Miss Virginia Lucas playing the piano accompaniment. Miss Mary Louise Wyatt played several popular selections on the violin, with piano accompaniment by Mrs. Foster. The program closed with a selection by the Rotary "Rusty Hinge" quartet composed of Will B. Norris, Harry Wyatt, D. S. McIntosh and Will M. Sparks.

Hugh E. Mauzy and John A. Tittsworth in short talks called attention to the Rush County Corn Show next week and urged attendance at the general sessions.

Guests present in addition to those taking part on the program were: Earl Covell of Key Key, Ind.; George Endres of Bloomfield, Ind.; Churchill Allen of Indianapolis; Dr. J. Frank Pearcey of Morgantown, W. Va.; and Horace Foster of Pittsburg.

TON LITTER FILM TO BE SHOWN 3 TIMES

"Bob Farnum's Ton Litter" to be
Feature of Programs in Con-
nection with Corn Show Next Week

MISS LELLA GADDIS TO SPEAK

Entertainment on Wednesday Night
and Address by Paul Benson of
Newcastle Thursday Afternoon

"Bob Farnum's Ton Litter", the motion picture that was made in Rush county, with Rush county people taking the principal part, will be shown at the Graham Annex auditorium Wednesday afternoon and evening, January 7, and Thursday afternoon, January 8, as a feature of the annual Rush County Corn Show, which will be held in Rushville next Tuesday, Wednesday and Thursday. The picture was made last year to promote ton litter work and Wilbur Gray of Jackson township, who raised the first ton litter in Indiana, in 1923, takes the leading part, and most of the scenes are laid in Rush county.

Donald D. Ball, who was county agriculture agent when the picture was made, takes that part in the picture. Many Rushville people may be recognized in the various scenes, particularly those depicting a farm bureau meeting, which were made in the court house here.

Other features of the Corn Show program were announced for the first time today. In addition to the picture at the Graham Annex Wednesday evening, there will be an entertainment, details of which will be made public later. The main address on the Thursday afternoon program will be by Paul Benson of Newcastle on the subject "Watchman, What of the Night?"

Immediately following the showing of the moving picture, Wednesday afternoon Miss Lella Gaddis of Purdue university, who will be the judge in the ladies department of the corn show, will speak at the Graham Annex auditorium.

Preceding the meeting at the Graham Annex, Miss Gaddis will meet with representative women of the county in the county agent's office to discuss plans for women's work during the coming year. Each town will be represented by two women at this conference.

Some of the subjects that may be taken up by the women in the townships, which will be discussed by Miss Gaddis at the conference, will be Clothing, Nutrition, Millinery and Home Management.

If one of these projects is decided upon, an outline will be followed which will permit a study in detail relative to (1) a family will be clothed from the standpoint of becomingness, appropriateness, hygiene and health and renovation. (2) Feeding the family to assist in overcoming malnutrition. (3) Millinery. (4) To assist women in improving their kitchens.

The judging in the ladies department will begin at eight o'clock Wednesday morning. Any resident of Rush county is eligible to compete in any and all classes. No exhibitor will be permitted to make more than one entry in any one class and all exhibits must be made by the exhibitor. All entries must be made and all in place in the show room not later than twelve o'clock noon, Tuesday, January 6. The doors will be closed to the public while the judging is taking place.

The Girl's club event is attracting wide interest throughout the county. Six \$10 prizes will be awarded, to be applied on expenses to the annual club roundup, in addition to other cash and merchandise prizes.

BERT NEWMAN DIES

Word has been received of the death of Bert Newman, son of John Newman of this city. The young man is about 28 years of age, and has been living in Marietta, O., for several months and details concerning his death was not learned. His body will be shipped here for burial and will arrive sometime Wednesday.

TO PRACTICE DEGREE WORK

The Red Men will have practice in the adoption degree at the hall tonight. Members of the degree team are especially urged to be present. Also members who have not paid their dues may do so at this time.

TO INSIST ON FULL PAYMENT

U. S. Government Wants Total of French Debt repaid on Easy Term

Washington, Dec. 30.—The United States government will insist on full payment of the four billion dollar French debt on easy terms, a leading member of the debt funding commission said in expressing surprise over the omission of the debt from the French budget and the statement of the Finance Minister Clementel, that allied debts must be pooled and reduced.

On the basis of repeated assurances from France that by recognizing the legality and the equity of the debt they will pay in full, this administration spokesman was reluctant to accept the reported Clementel statement as to the real French policy.

The administration was facing a different position as the opinion grew in Washington that France does not intend to pay in full.

AMUSEMENTS

"Fashion Row", Princess
Mae Murray in "Fashion Row," latest Tiffany production for Metro release of this favorite star, opened a two day engagement at the Princess theatre yesterday. Crowded audiences testified by their reception of the new picture that "Fashion Row" is the best in Mae Murray's long list of successes.
It has every pictorial and dramatic appeal that delights audiences. The story is interesting, the scenes are stunning, the cast supporting the star is one of high excellence, and Miss Murray is ravishing in the dual role of two sisters. As Olga Farinova, the newest rage of Broadway, Miss Murray is dazzling, and in the role of the drab little Russian peasant girl, Zita, she shows how great must be her art to portray so realistically these contrasting characters.

Zita comes to America to find her sister. On board the immigrant steamer she meets Kaminoff, who discovers her relationship to the girl he once knew as a dancer in a Russian dive. A bitter memento of that acquaintance is an ugly scar on his face. So he makes Zita the means of his revenge.
Olga has meanwhile become the bride of Eric Van Corland, son of an old aristocratic family. From a ball the couple give, Olga is tricked by Kaminoff into going to a tenement house where Zita is imprisoned. Exciting events follow in rapid order that will give every spectator a thrill and an extra heart-tug.

Big Picture At Castle

News that should be of utmost importance to Italians of this city, especially those admirers of their greatest poet, Dante, is the announcement that the William Fox film version of "Inferno" one of the big pictures of the year, has been booked for the Castle theatre today.
The sublime allegory on which this production is based, and which gives its author a place among the half-dozen greatest writers of all time, describes in a vivid manner Dante's imaginary journey through hell, conducted by the ancient Roman poet Virgil. The most spectacular scenes described in the poem have been faithfully portrayed and are vaster and more impressive it is said, than anything accomplished heretofore. There is just enough of a modern story to give a satisfactory balance to the Inferno sequence.

Rules for Right Living:—Let all bitterness, and wrath, and anger, and clamour, and evil speaking, be put away from you with all malice; and be ye kind one to another, tender-hearted, forgiving one another, even as God for Christ's sake hath forgiven you. Ephesians 4:31-32.

PRAYER—Fill our hearts, O Lord, with thy love wherewith thou hast loved us, and then we will think no evil.

The French Debt

The French finance minister, Clementel, is quoted as saying that allied debts must be pooled and reduced.

A leading member of the United States debt funding commission says that the United States will insist on full payment of the \$4,000,000,000 debt.

When negotiations were going forward to fund the debt on easy terms, the attitude of the French government expressed by omission of the debt from its budget, was a great surprise in this country.

The United States has never been in the position of demanding its "pound of flesh", but popular opinion has been behind the government in insisting that foreign war debts shall not be cancelled.

In an effort to make a case, the French leader says that inasmuch as the "choice" of French soil saved the allies much blood and treasure, there should be some concessions in favor of France.

There was no "choice" of French soil. The Germans invaded France and the war was principally fought out there.

If the United States were merely a creditor, there might be some weight to the argument, but she played a much more vital part as an ally.

America sent 2,000,000 men to France's aid and 3,000,000 more were ready when the armistice was signed.

Besides this evidence of friendship, millions of American money has been poured into France to rehabilitate devastated regions. It was

DI-JO WILL HELP THE STOMACH

Di-Jo will aid your stomach in digesting food. It isn't any cure-all but just a happy combination of old-fashioned doctors' medicine that does the business. It is just for your stomach and for nothing else. It is an aid to digestion and mighty good one. It is taken with warm water, if convenient, and if not, without it. But warm water itself, as you'll remember, is an old-fashioned remedy that our grandmothers used to recommend, and Di-Jo is right in the same category. It is so old most people have forgotten it and the young folks today probably never even heard that warm water is a help to a weakened stomach. Take the two in combination, Di-Jo and warm water, and your stomach can't help but feel better, act better, digest your food better, and bring you back to normal. Ask your druggist for Di-Jo.

If you are troubled with constipation take DI-VAC. It is sold by all druggists and is recommended as the proper laxative to be used in connection with Di-Jo, if any is needed.

given from a full heart without any thought of duty or obligation.

It becomes France to mention reduction of war debts. The four million dollars which we loaned came from not only the rich, but from people in modest circumstances who denied themselves of necessities to support the government and thus enable it to finance our allies.

England has recognized the validity of her debt to the United States by agreeing to pay. France has made a grave mistake by not adopting the same course.

Teaching Local History

A "local history contest" in the schools of Douglas County, Ore., sponsored by the extension division of the University of Oregon, has offered a new significance to local history and has increased a spirit of pride and interest in the community and state, according to School Life, a publication of the Interior Department, Bureau of Education. It also formed the basis of interesting and valuable work in English.

In writing their stories for the contest the children were limited to events and incidents within the territorial boundaries of their respective school districts, although they were permitted to go into other districts and interview former residents.

Anything of historical interest was permitted in the contest, such as the first settler in the district, the first home, the history of the school, the church, the first store, the first roads and how, perhaps, they grew out of the old pack trails and developed into the splendid high-ways of the present day, the history of the transportation system, any special industries in the district and the history of their development, Indian legends and stories of battles between Indians and whites, and of points of historic interest in the community.

FIFTEEN YEARS AGO TODAY

From Daily Republican
Thursday, Dec. 30, 1909

A basketball team composed of the alumni of the Rushville high school will meet the high school five in the high school gymnasium in the Graham building Friday evening. The two teams will line up as follows: Alumni—Hiner and Mauzy, forwards; Blackledge and Buell, guards; and Moor center; High school—Heeb and Gunning, forwards; Wilcox and Norris, guards and McRoberts, center.

Local bowlers are looking forward to one week from next Saturday night when a crack five from Indianapolis will come down to roll a game. The local team will probably be made up of the following players: Dr. E. P. VanOsdel, Rich Reed, Revillo Ferguson, Frank Cowing and Charles Frazee.

Dr. and Mrs. J. C. Sexton announced the engagement of their daughter, Miss Frances Elizabeth, to Daniel Crandall Green of San Diego Calif., today at a luncheon given by Mrs. Sexton to a number of the bride-to-be's friends. The marriage will take place on the 28th day of January, at the home of the bride's parents in North Main street.

In the want ad column on page seven, today, will be found an unusual advertisement. Lee Pyle, proprietor of the Rushville Steam Laundry, is trying to give away a horse. There is no cash payment scheme to the advertisement—he will give the horse away absolutely free to the right person.

Mr. and Mrs. S. F. Overleese of Milroy, Miss Hazel Morris, Mrs. Jane Matney and son Burl will leave Monday for Kissimmee, Florida. They will spend the winter in southern climes.

Miss Elizabeth Demming of St. Paul Minn., is the guest of Miss Marguerite Neutenhelzer in North Morgan street and attended the Social club dance last night.

Mr. and Mrs. John Beale will go to Elwood Friday to be the guests of Mr. and Mrs. Joe A. Dehority for a few days.

Misses Agnes and Versie/Higgs have returned from a short visit with relatives in Greensburg.

Mr. and Mrs. Earl Reeve arrived today from Chicago to spend New Year's with Mr. Reeve's parents, Mr. and Mrs. J. B. Reeve in North Main street.

Miss Dorothy Sparks, daughter of Judge and Mrs. Will Sparks of North Main street gave a birthday party to her young friends this afternoon.

One of the best dances of the year will be given by the U G O club in the Modern Woodman hall this evening.

The rural route carriers will get a vacation New Years day even if they did have to work on Christmas.

Money has the best circulation when kept in the home climate.

HUNT'S DAILY LETTER

BY HARRY B. HUNT
NEA Service Writer

WASHINGTON—Anyone wanting expert advice about "Keeping Cool With Coolidge" should apply to those distinguished journalists, George Harvey and William Allen White. George and Bill were invited to spend a week-end with the president on a bit of a cruise in the good yacht Mayflower. Naturally, they accepted. Such invitations aren't turned down out-of-hand, even in winter time.

But the Mayflower had hardly cast loose from her moorings with its distinguished cargo than the mercury started to fall. It dropped 60 degrees in the 30 hours covered by the cruise.

Of course neither Harvey nor White blames the weather on Coolidge. It was just a "coincidence," they say.

But both admit that "Keeping Cool With Coolidge" became a lot more realistic during the cruise than it did during the campaign.

JUST as the air is full of all sorts of sounds, in these days of radio, so one needs only the proper mechanism to enable him to pull a concert, a lecture or a bedtime story out of the ether.

Just so, also, is it full of illimitable energy, needing only the proper apparatus to enable mankind to draw from it the power with which to run automobiles, propel steamships, drive power plants and perform all the myriad tasks for which man now harnesses steam and electricity.

Such is the claim of Garabed T. K. Giragossian, who has been at the heels of Congress for the past eight years to grant him special patent protection for an alleged "free energy" invention. This invention, which Giragossian claims would at once relieve us of the necessity of damming rivers or digging in mines to obtain sources of power, would simply enable us to "tune in" on the energy that has been stored up in the atmosphere since creation began.

THE unusual thing about Giragossian is that, unlike most inventors who seek special favors or hint at revolutionary discoveries, he is able to convince members of the patents committees of Congress that he "has something."

Back in 1918 a joint resolution providing for a demonstration of Giragossian's "free energy generator" was adopted by both houses of Congress.

This resolution guaranteed him full patent protection in case the test passed the analysis of a board of scientists.

Giragossian at that time declined to disclose his mechanism on the ground that the resolution put upon him the burden of proving that he was the "first and original inventor" of the method, which he said he would be unable to do.

An amended resolution relieving the inventor of the necessity of such proof, but drawn so as to protect other inventors or discoverers making similar claims, has been reported from the House Patents Committee to the present Congress.

THE forward strides made in recent years by such inventions as the airplane and radio have made members of Congress particularly chary about branding any claimed invention as a "fake."

And this Boston inventor has been able so to impress the Congressional committee with his general high intelligence and integrity that he has them all "guessing."

"Scientists tell us over 7000 different products can be produced from coal," Giragossian says. "We now burn this coal to get energy, thereby destroying forever the ingredients it contains."

"All this would be saved to future generations by my free energy generator. And in the meantime industrial and social reforms beyond anything yet dreamed of could be accomplished."

LET the man at the right gasoline pump do all the cranking that your motor will need — or stand out in front of your car in the wintry blast and sample some cranking of a less enjoyable sort.

The right pump is important. Heavy fuel of too late an "initial" or igniting point costs less by the gallon but its slower firing puts an extra load on your starting battery just in the short-day-and-long-night season when charging is low and lighting is at the highest peak.

To your sorrow, you make up for the "economy" by hand cranking, recharging the battery — if it doesn't freeze — and the risk of oil dilution from too much priming and choking.

Silver Flash Gasoline

protects you from every drawback and discomfort of slow-vaporizing fuel. Because it is genuine, real gasoline of early ignition point, it vaporizes freely, fires instantly, explodes completely — without drag on battery or need of excess priming. No kerosene or free carbon retard its instant action. Its steady use is the biggest contribution toward comfortable winter driving.

TITLE HOLDERS TO HAVE SAME LINE-UP

Buck Harris Will Put Same Fielders in Game For Washington Again Next Year

READY TO START APRIL 15

Only Changes Will be Made in Pitching With New Ones Added and Old Ones Retained

By WILLIAM J. McEVOY
(U. P. Staff Correspondent)

Washington, Dec. 30—Bucky Harris will stand pat with his world's champion baseball combination.

When the Senators take the field April 15, the same fielders will be at their posts as finished the season victorious in the American League and against the Giants last fall.

Roger Peckinpaugh will be in his place at short stop—he has sent word to Harris that his leg, injured in the big series, is completely healed and ready for work, Cassie Bluege will be back at third, Joe Judge at first and Bucky himself at second.

There will be no switch in the outfield. Earl McNeely whose two base swat put over the winning run in that last thrilling encounter of the world's series, will be in center. Goose Goslin in left and Sam Rice in right.

When it comes to pitchers, the changes will be in additions, not subtractions. Walter Johnson will pitch the opening game and take his turn all season, according to present indications. His deal for a Pacific Coast club fell through and it looks now as if he will come back. Zaachary and Mogridge, old timers and young Marberry, the demon relief hurler, will be on deck.

The newcomers are Goveleskie, late of Cleveland, Dutch Ruether, of Brooklyn and Vean Gregg, star of another day, rescued from the minors. All three are hardened veterans and some way beyond their prime.

To critics who rap Harris for "starting an old man's team," Bucky retorts, "I have won all the honors in baseball and now I must defend them. It was necessary to get pitchers who could give me immediate results and I believe I have succeeded."

Harris will have two promising youngsters on his mound staff—George Kelly, a winner with Memphis last season and Benson Brillhart who was with the Senators two years ago. The redoubtable Muddy Ruel and young Bernard Tate will be on the receiving end of the slants offered up by the Senatorial tossers.

One tender spot that almost cost Washington the series, has not been overlooked. Mike Donnelly, ex-Yankee will bolster up the infield and Peck's leg fails to come through.

Don't let the vacation this week, get the best of you, Lions. Remember the old fight! Carthage is back in school this week, and they are putting in extra licks, ready to trim you.

Don't underestimate the Carthage bunch. They play wild at times, and they are due to be wild Friday night. Don't let 'em cross the foul line, because that is where they are dangerous.

WATCH HEIM AND SILER, THEY'RE DANGEROUS

Must have been some tourney at Greensburg last Friday and Saturday, when sixteen independent teams were entered. The final game was a forfeit, 2 to 0 in favor of Columbus. Letts did the forfeiting. A wrangle between Letts and Milroy caused that game to be played over. Moscow and Columbus went overtime in their game. Independent basketball in Rushville is a dead issue, and no interest can be aroused in it.

SAVE IT FOR C'VILLE

Markin' 'em up at Newcastle told Hittin' 'em up before the basketball game Saturday night, that he had spent all Saturday afternoon writing poetry about the Lions and the game. After the game, he said his work was all for nothing.

Up at the game the other night, we met Russell Alexander of the Greensburg Banner, who conducts the "Pass and Shoot" column in the paper. "Alex" said Rushville had a good team, and suggested that they should settle down a trifle and play more consistent basketball.

In his column before the Newcastle game, Pass and Shoot commented as follows:
Rushville 45; Brownsburg 40. Not so bad but we would suggest that you run those Lions around the gym twenty times before each game and warm 'em up so that they can play during the first half.

WILL RADIO A GAME

Over at Martinsville Saturday night, they are going to tackle the Stivers high school of Dayton. The game is looked upon as an important one. Martinsville is state champion of Indiana and Stivers is the Ohio champ. The game also will be broadcasted over the radio through special arrangements with WFBM, a new 500 watt station in Indianapolis, which will run a wire to the gym. The station is on 268 meters, and the play will be given as the ball is in play.

IT WILL TAKE MORE THAN PEP TO BEAT 'EM

Ain't no use prolonging it, but am gonna tell you that we'll have to get busy and start to pep up things for that battle with the Columbus Bull Dogs or they'll do all the discovering and I don't mean maybe.

—Side Lights, C'ville.

STOP UP YOUR EARS

And after Markin' 'em up of Newcastle suggested a song for E. L. over at Connersville, entitled, "Losin' Blues" along comes E. L. and says why not sing a duet?

This stuff is getting so good that our head setter can't wait until it is proved up, so she stands behind us and reads it as it comes off the typewriter, letter for letter.

Muncie plays at Richmond Friday night. The Rushville second team plays the Richmond second team as a curtain raiser. You young Lions must make a good impression and pave the way for the Roarin' Lions on the following Friday.

Don't forget that Carthage has a new gym. They formerly played in the auditorium, but when the school was rebuilt last summer, it included a gym, built a great deal on the plan of the Rushville gym.

Renegar, Carthage back guard, is listed as a star. The thing to do is for Newbold, Artnuckle and Lakin to

come down the floor at once, and see if he can handle all three of 'em. If he can, we'll say he is a good one.

Miller, Rushville back guard, ought to be at home on that floor, if it is like the local court. Drop in a few for good measure.

Mac has been off on shooting in the last few games, but it doesn't make any difference as long as he keeps up the ole fight, and plays the game on the defense and pass work.

The main thing Friday night, is not to let the Carthage team get down the floor. Hold tight to the defense.

Wainwright comes under the basket in good shape. As a rule he can find the basket when a goal is needed. He makes a good running mate for Newbold, when the line-up is shifted.

Practice on foul Goals. Make 'em Count. Also Keep Yourself From Fouling.

THEY NEED ONE. SAYS R'VILLE FANS

ALL YOU FANS WHEN YOU GET IN THE NEW GYM THIS EVENING JUST TAKE A LOOK UP IN THE NORTHWEST CORNER OF THE NORTH WALL AND SEE FOR YOURSELVES HOW NICE A PLACE IT WOULD BE FOR AN ELECTRIC SCORE BOARD.

—Newcastle Courier

Rushville fans and players were at a loss to understand why Newcastle did not have a score board that could be seen. They had a dinky blackboard in one corner and not even the players could see it. The gym is a new one, and plans are on foot there to have some public spirited fan donate a \$300 electric score board.

Basketbawls of Washington comments on Rushville as follows:

We just got the 'low down' on the 45 to 40 defeat Rushville handed Brownsburg Wednesday night. The 'Brownies' led 25 to 15 at half time so you can take it or leave it but those Lions certainly had to muster the ole fight in the last half to win.

There are about six games scheduled in Indiana tonight, chief among which is the one at Newcastle where the Trojans will entertain the Rushville Lions in the new gym dedicated a week or so ago. It don't make any difference to anybody (except Rushville) so we're going to pick the Lions to win this game. But you don't need to think they won't have to keep going all the way.

Keep Carthage in mind They have something up their sleeves. Make 'em keep it there.

PRACTICE TONIGHT

Coach Swain called attention today to the Lions to meet at the gym at 6:30 tonight for a work-out. Be there!

BRIGHT TO SERVE SIX MONTHS TERM

Judge Sparks Invokes Suspended
Sentence Given Fred Bright Early
in 1923

CONDUCT HELD INSUFFICIENT

Evidence Showed That He Received
Stolen Goods, and Knew They
Had Been Stolen

The six months suspended sentence of Fred Bright, 1036 North Arthur street, was invoked this morning in the circuit court, when Judge Sparks heard the evidence concerning the connection that Bright had in receiving stolen goods from Teddy Palmer.

Both prisoners were brought into the court room, where the inquiry was held, and the evidence introduced. Bright was arrested in 1923 with several other men charged with stealing coal from Big Four railroad cars, and each was given suspended sentences, upon promise of good behavior.

In the early part of December, the Big Four railroad station here was entered, and the crime was traced to Teddy Palmer, who confessed and on December 8 was given a term of one to eight years in the reformatory.

About the same time, two nickel plate coffee pots, valued at \$5 was stolen from the rear room of the A. G. Haydon hardware store, and Palmer, after he had been arrested on the Big Four charge, admitted taking the coffee pots, and selling them to Bright for fifteen cents apiece.

It was stated that Palmer went to Bright afterwards and told him to give him the coffee pots back, because they were stolen, but it is said that Bright didn't do it, and the police went to his house and got both of them, and also arrested him for receiving stolen goods.

The charge was filed against him, and Palmer has been held in jail as a witness until Judge Sparks heard the evidence as to whether the facts constituted cause for invoking the suspended sentence. This morning, after the evidence had been heard, Judge Sparks lectured both prisoners as conflicting stories had been told concerning the affair. Palmer had changed his version since he had made a confession. Judge Sparks said the sentence of 1 to 8 years would stand against Palmer, and that the six months sentence imposed on Bright almost two years ago, would also have to be served.

Both men went back to jail, and will be taken to begin serving their respective terms in a day or so.

French Finance Minister Protests
That Part of His Inventory Had
Been Misinterpreted

ONLY APPROVAL IN PRINCIPAL

Paris, Dec. 30—Finance Minister Clementel, whose budget statement with its sign of new agreements regarding France's debts caused a sensation in financial and government circles throughout the world, protested to the French press today that parts of his financial inventory had been misinterpreted.

He had not intended, the minister said, to propose pooling of allied debts.

"Current French opinion favors this, but it would not sponsor it," M. Clementel explained.

A literal translation of his inventory presented to the chamber on Saturday could only be taken as approval in principal of such a plan, however.

The minister said, moreover, that he does not assume responsibility for the suggestion that the American war tax profits should be deducted from France's debt to the United States.

The chamber of deputies last night refused to debate on interpellations regarding prosecution of the editor of L'Eclair for publication of confidential government documents and a vote of confidence 303 to 0, the opposition refraining from voting.

The contest Saturday is in advance of the Rush County Corn show, to be held January 6, to 8, and is to interest the school children in judging corn.

FORMER STATE SENATOR IS DEAD AT GREENSBURG

Lemuel P. Dohyns, Who Was Rela-
ted and Well Known Here, Ex-
pires After Stroke of Apoplexy

MARRIED A LOCAL WOMAN

Relatives in this city have received word of the sudden death of Lemuel P. Dohyns, which occurred Sunday night at nine o'clock at the home of his sister, Mrs. Jessie Whitten in Greensburg. Mr. Dohyns, who has been in his usual health, became ill about eight o'clock that night from the effects of a stroke of apoplexy and an hour later died.

The deceased was a son of the late Henry and Elizabeth Dohyns and was born in Mason county, Ky., October 16, 1866 and came with his parents to Clarksburg in 1870, and later moved to Greensburg. On February 7, 1907, he was married to Miss Sue Prime of this city, who preceded him in death January 8, 1921. Since that time he had made his home with his sister. He was a prominent member of the K. of P. lodge. In 1916 Mr. Dohyns was honored by the Republicans of Decatur, Rush and Bartholomew counties by being nominated for state senator and was elected by a popular majority. He served in the sessions of 1917 and 1919 and was chairman of the committee that framed the state highway law.

He had several friends and two cousins, Birney Farthing and Walter Ray, living in this city. The funeral services will be conducted Wednesday afternoon at two o'clock at the late residence and burial will take place in South Park cemetery.

TO BE BASIS OF LEGISLATION

Roy Meeker of Muncie, assistant to Clarence Cecil, district supervisor of the agriculture census that is being taken, was in Rushville Monday and reported that census takers in Rush county were not meeting with the co-operation of farmers in attempting to gather information for the census.

He explained that the information given to those charged with the responsibility of taking the census is absolutely confidential and divulging of any facts in connection with the census is punishable with a prison sentence.

The statistics which are being gathered will be made the basis of farm legislation to be enacted and they will not be divulged in Washington. Farmers are assured by Mr. Meeker that they will not suffer in the least by giving the census takers the information they seek.

This is the first time in the history of the country that a farm census has been taken except every ten years when the regular census is taken.

WHOLESALE 'SLAYING' IS WORK OF MANIAC

Mrs. Emma Hobough, 33, a Widow,
Confesses Murdering Four Mem-
bers of Family Near Logansport

HER DAUGHTER ONE VICTIM

"They Treated Me Mean", is Her
Only Explanation of Act—A Para-
noiac, Coroner Says

(By United Press)

Logansport, Ind., Dec. 30—Mrs. Emma Hobough, 33, a widow, has confessed murdering four members of her family at the farm home of her father, eight miles north of here Sunday night, Sheriff Walter Bowyer announced here this afternoon.

The confession was made while the woman was sitting in her cell and being questioned by the sheriff in the presence of a Logansport man.

"I never used a shotgun before," she told the sheriff. "I did not know how to open or close the breach, but I did it. I wondered at the time if the neighbors heard the shots."

The sheriff did not attempt to get a detailed confession from her when she made the confession. He planned to secure a signed statement later in the day.

"They treated me mean," was Mrs. Hobough's only explanation for the act.

Coroner Stanton in his verdict today declared that the murders were committed by a paranoiac, suffering with hallucinations of grandeur and persecution.

He filed an affidavit charging insanity in justice of peace court and an inquest into the woman's mental condition was ordered for this afternoon.

Stanton recommended to Merl Wall, county prosecutor that the woman be adjudged insane and rushed to the state hospital immediately and that there be no criminal trial.

"There is no doubt that Mrs. Hobough is violently insane," Stanton said. "There is no use of going to the expense and delay of a criminal trial when the outcome would be exactly the same."

Stanton's verdict held that the murder victims met death from gun shot wounds in the hands of Mary Emma Hobough, a person of unsound mind.

"I ought to have done it nine years ago," Mrs. Hobough told the sheriff after her confession. "Peo-

Care Urged by Mayor to Avoid Injuring Children

Mayor Walter R. Thomas today called attention to the danger that lurks in the streets while they are covered with snow and boys and girls are playing with sleds.

He urged that the utmost caution be used by drivers of automobiles in order to avoid injuring children who are making the most of their opportunities to play during the Christmas vacation.

The Mayor said that motorists should know when children fasten sleds to machines so that they can use care in turning corners.

Children are also urged to be cautious about sliding in the streets as they may run directly in front of an automobile.

Drivers of automobiles have found that speed is dangerous when the streets are slippery because it is impossible to stop very quickly.

"KID" MCCOY TO APPEAL FROM JURY'S VERDICT

Conviction of Manslaughter for
Death of Mrs. Mors Regarded by
Counsel as Compromise

PENALTY OF 1 TO 8 YEARS

Los Angeles, Calif., Dec. 30—Convicted of manslaughter for the death of Mrs. Theresa Mors, who was the latest of his many loves, "Kid" McCoy (Norman Selby) will appeal.

This is nothing more or less than a compromise verdict, the former fighter's chief counsel said, commenting upon the action of the jury which was out 78 hours and took 24 ballots before reaching a decision.

Although McCoy was tried for murder, the foreman of the jury at five o'clock yesterday afternoon, announced:

"We, the jury in the case of the people versus Norman Selby, find the defendant guilty of the charge of manslaughter, a felony."

The verdict carries a penalty of from one to ten years imprisonment and Judge Charles S. Crail will pass sentence on Friday.

"I guess the jury did the best they could," was the judge's comment. The jurors Sunday night stood 10 to 2 for a manslaughter verdict and by noon Monday they stood 11 to 1, but it was not under 15 minutes before five that all agreed.

URGES FEEDING OF THE BIRDS

Quail and Other Birds are Starving
on Account of the Snow

Ben Oster of this city who is the official census taker for birds in Rush county, and who works under the direction of the biology department at Washington, D. C., announced today that persons should feed birds because they are starving to death on account of the snow.

Mr. Oster went out into the country this morning and in several places discovered birds that were in need of food, and in many places quail were suffering because of the lack of food. Farmers and others are urged by Mr. Oster to throw wheat and other grain out on the snow to tide the birds over until the snow melts.

NEW PARAPHANALIA TO BE BOUGHT BY LODGE

Subject Will be Discussed by Odd
Fellows Wednesday Evening—
Committee Visits Factory

TO PROPOSE FINANCING PLAN

Every member of Franklin Lodge No. 35 I. O. O. F. is being urged by the officers to attend the regular meeting Wednesday evening for the purpose of discussing the paraphernalia problem. The new building will soon be ready for occupancy, and as it will require at least a month to manufacture the equipment required for the presentation of the degrees of the lodge, it is essential that the order be placed soon so that the degree work may be taken care of.

A committee that was appointed two weeks ago has visited the paraphernalia factory and will report at the meeting Wednesday evening. They will also propose a plan for financing this matter as well as the furnishing of the lodge room proper, which will be remodeled as soon as the new building is completed.

Refreshments of cigars and apples will be on tap and a large attendance is anticipated on account of this being the last day for the payment of dues.

PROGRAM OF READINGS AND MUSIC AT MEETING

Daughters of Rotarians and Others
Entertain at Weekly Luncheon
Today Noon

CARL JOHNSON IS SPEAKER

Rotarians were entertained with a program by daughters of Rotarians and others at the regular luncheon session today noon at the Social club. The program closed with a short talk by Carl Johnson, son of Mr. and Mrs. Clair Johnson of this city, who is a student in Evansville college, and who spoke on the value of friendship and making friends.

The first part of the program opened with a violin number by Miss Gladys Tittsworth of Centralia, Ill., with piano accompaniment by Mrs. Horace Foster of Pittsburg, formerly Miss Dorothy Sparks of this city. Following an encore, Miss JoAnne Harrold gave two readings, and David S. McIntosh, supervisor of music in the Rushville schools, sang a solo, Miss Virginia Lucas playing the piano accompaniment. Miss Mary Louise Wyatt played several popular selections on the violin, with piano accompaniment by Mrs. Foster. The program closed with a selection by the Rotary "Rusty Hinge" quartet composed of Will B. Norris, Harry Wyatt, D. S. McIntosh and Will M. Sparks.

Hugh E. Mauzy and John A. Tittsworth in short talks called attention to the Rush County Corn Show next week and urged attendance at the general sessions.

Guests present in addition to those taking part on the program were: Earl Covell of Key Key, Ind.; George Endres of Bloomfield, Ind.; Churchill Allen of Indianapolis; Dr. J. Frank Pearcey of Morgantown, W. Va.; and Horace Foster of Pittsburg.

TON LITTER FILM TO BE SHOWN 3 TIMES

"Bob Farnum's Ton Litter" to be
Feature of Programs in Con-
nection with Corn Show Next Week

MISS LELLA GADDIS TO SPEAK

Entertainment on Wednesday Night
and Address by Paul Benson of
Newcastle Thursday Afternoon

"Bob Farnum's Ton Litter", the motion picture that was made in Rush county, with Rush county people taking the principal part, will be shown at the Graham Annex auditorium Wednesday afternoon and evening, January 7, and Thursday afternoon, January 8, as a feature of the annual Rush County Corn Show, which will be held in Rushville next Tuesday, Wednesday and Thursday. The picture was made last year to promote ton litter work and Wilbur Gray of Jackson township, who raised the first ton litter in Indiana, in 1923, takes the leading part, and most of the scenes are laid in Rush county.

Donald D. Ball, who was county agriculture agent when the picture was made, takes that part in the picture. Many Rushville people may be recognized in the various scenes, particularly those depicting a farm bureau meeting, which were made in the court house here.

Other features of the Corn Show program were announced for the first time today. In addition to the picture at the Graham Annex Wednesday evening, there will be an entertainment, details of which will be made public later. The main address on the Thursday afternoon program will be by Paul Benson of Newcastle on the subject "Watchman, What of the Night?"

Immediately following the showing of the moving picture, Wednesday afternoon Miss Lella Gaddis of Purdue university, who will be the judge in the ladies department of the corn show, will speak at the Graham Annex auditorium.

Preceding the meeting at the Graham Annex, Miss Gaddis will meet with representative women of the county in the county agent's office to discuss plans for women's work during the coming year. Each town will be represented by two women at this conference.

Some of the subjects that may be taken up by the women in the townships, which will be discussed by Miss Gaddis at the conference, will be Clothing, Nutrition, Millinery and Home Management.

If one of these projects is decided upon, an outline will be followed which will permit a study in detail relative to (1) a family will be clothed from the standpoint of becomingness, appropriateness, hygiene and health and renovation. (2) Feeding the family to assist in overcoming malnutrition. (3) Millinery. (4) To assist women in improving their kitchens.

The judging in the ladies department will begin at eight o'clock Wednesday morning. Any resident of Rush county is eligible to compete in any and all classes. No exhibitor will be permitted to make more than one entry in any one class and all exhibits must be made by the exhibitor. All entries must be made and all in place in the show room not later than twelve o'clock noon, Tuesday, January 6. The doors will be closed to the public while the judging is taking place.

The Girl's club event is attracting wide interest throughout the county. Six \$10 prizes will be awarded, to be applied on expenses to the annual club roundup, in addition to other cash and merchandise prizes.

BERT NEWMAN DIES

Word has been received of the death of Bert Newman, son of John Newman of this city. The young man is about 28 years of age, and has been living in Marietta, O., for several months and details concerning his death was not learned. His body will be shipped here for burial and will arrive sometime Wednesday.

TO PRACTICE DEGREE WORK

The Red Men will have practice in the adoption degree at the hall tonight. Members of the degree team are especially urged to be present. Also members who have not paid their dues may do so at this time.

TO INSIST ON FULL PAYMENT

U. S. Government Wants Total of French Debt repaid on Easy Term

Washington, Dec. 30.—The United States government will insist on full payment of the four billion dollar French debt on easy terms, a leading member of the debt funding commission said in expressing surprise over the omission of the debt from the French budget and the statement of the Finance Minister Clementel, that allied debts must be repaid and reduced.

On the basis of repeated assurances from France that by recognizing the legality and the equity of the debt they will pay in full, this administration spokesman was reluctant to accept the reported Clementel statement as to the real French policy.

The administration was facing a different position as the opinion grew in Washington that France does not intend to pay in full.

AMUSEMENTS

"Fashion Row", Princess

Mae Murray in "Fashion Row," latest Tiffany production, for Metro release of this favorite star, opened a two day engagement at the Princess theatre yesterday. Crowded audiences testified by their reception of the new picture that "Fashion Row" is the best in Mae Murray's long list of successes.

It has every pictorial and dramatic appeal that delights audiences. The story is interesting, the scenes are stunning, the cast supporting the star is one of high excellence, and Miss Murray is ravishing in the dual role of two sisters. As Olga Farinova, the newest rage of Broadway, Miss Murray is dazzling, and in the role of the drab little Russian peasant girl, Zita, she shows how great must be her art to portray so realistically these contrasting characters.

Zita comes to America to find her sister. On board the immigrant steamer she meets Kaminoff, who discovers her relationship to the girl he once knew as a dancer in a Russian dive. A bitter memento of that acquaintanceship is an ugly scar on his face. So he makes Zita the means of his revenge.

Olga has meanwhile become the bride of Eric Van Corland, son of an old aristocratic family. From a ball the couple give, Olga is tricked by Kaminoff into going to a tenement house where Zita is imprisoned. Exciting events follow in rapid order that will give every spectator a thrill and an extra heart-tug.

Big Picture At Castle

News that should be of utmost importance to Italians of this city, especially those admirers of their greatest poet, Dante, is the announcement that the William Fox film version of "Inferno" one of the big pictures of the year, has been booked for the Castle theatre today.

The sublime allegory on which this production is based, and which gives its author a place among the half-dozen greatest writers of all time, describes in a vivid manner Dante's imaginary journey through hell, conducted by the ancient Roman poet Virgil. The most spectacular scenes described in the poem have been faithfully portrayed and are vaster and more impressive it is said, than anything accomplished heretofore. There is just enough of a modern story to give a satisfactory balance to the Inferno sequence.

Rules for Right Living:—Let all bitterness, and wrath, and anger, and clamour, and evil speaking, be put away from you with all malice; and be ye kind one to another, tender-hearted, forgiving one another, even as God for Christ's sake hath forgiven you. Ephesians 4:31-32.

The French Debt

The French finance minister, Clementel, is quoted as saying that allied debts must be pooled and reduced.

A leading member of the United States debt funding commission says that the United States will insist on full payment of the \$1,000,000,000 debt.

When negotiations were going forward to fund the debt on easy terms, the attitude of the French government expressed by omission of the debt from its budget, was a great surprise in this country.

The United States has never been in the position of demanding its "pound of flesh," but popular opinion has been behind the government in insisting that foreign war debts shall not be cancelled.

In an effort to make a case, the French leader says that inasmuch as the "choice" of French soil saved the allies much blood and treasure, there should be some concessions in favor of France.

There was no "choice" of French soil. The Germans invaded France and the war was principally fought out there.

If the United States were merely a creditor, there might be some weight to the argument, but she played a much more vital part as an ally.

America sent 2,000,000 men to France's aid and 8,000,000 more were ready when the armistice was signed.

Besides this evidence of friendship, millions of American money has been poured into France to rehabilitate devastated regions. It was

DI-JO WILL HELP THE STOMACH

Di-Jo will aid your stomach in digesting food. It isn't any cure-all but just a happy combination of old-fashioned doctors' medicine that does the business. It is just for your stomach and for nothing else. It is an aid to digestion and mighty good one. It is taken with warm water, if convenient, and if not, without it. But warm water itself, as you'll remember, is an old-fashioned remedy that our grandmothers used to recommend, and Di-Jo is right in the same category. It is so old most people have forgotten it and the young folks today probably never even heard that warm water is a help to a weakened stomach. Take the two in combination. Di-Jo and warm water, and your stomach can't help but feel better, act better, digest your food better, and bring you back to normal. Ask your druggist for Di-Jo.

If you are troubled with constipation take DI-VAC. It is sold by all druggists and is recommended as the proper laxative to be used in connection with Di-Jo, if any is needed.

given from a full heart without any thought of duty or obligation.

It becomes France to mention reduction of war debts. The four million dollars which we loaned came from not only the rich, but from people in modest circumstances who, denied themselves of necessities to support the government and thus enable it to finance our allies.

England has recognized the validity of her debt to the United States by agreeing to pay. France has made a grave mistake by not adopting the same course.

Teaching Local History

A "local history contest" in the schools of Douglas County, Ore., sponsored by the extension division of the University of Oregon, has offered a new significance to local history and has increased a spirit of pride and interest in the community and state, according to School Life, a publication of the Interior Department, Bureau of Education. It also formed the basis of interesting and valuable work in English.

In writing their stories for the contest the children were limited to events and incidents within the territorial boundaries of their respective school districts, although they were permitted to go into other districts and interview former residents.

Anything of historical interest was permitted in the contest, such as the first settler in the district, the first home, the history of the school, the church, the first store, the first roads and how, perhaps, they grew out of the old pack trails and developed into the splendid high-ways of the present day, the history of the transportation system, any special industries in the district and the history of their development, Indian legends and stories of battles between Indians and whites, and of points of historic interest in the community.

HUNT'S DAILY LETTER

BY HARRY E. HUNT
NEA Service Writer

WASHINGTON—Another waiting expert advice about "Keeping Cool With Coolidge" should apply to these distinguished journalists, George Harvey and William Allen White. George and Bill were invited to spend a week-end with the president on a bit of a cruise in the speed yacht Mayflower. Naturally, they accepted. Such invitations aren't turned down out-of-hand, even in winter time.

But the Mayflower had hardly cast loose from her moorings with its distinguished cargo than the mercury started to fall. It dropped 64 degrees in the 24 hours covered by the cruise.

Of course neither Harvey nor White blames the weather on Coolidge. It was just a "coincidence," they say.

But both admit that "Keeping Cool With Coolidge" became a lot more realistic during the cruise than it did during the campaign.

JUST as the air is full of all sorts of sounds, in these days of radio, so one needs only the proper mechanism to enable him to pull a concert, a lecture or a bedtime story out of the ether.

Just so, also, is it full of illimitable energy, needing only the proper apparatus to enable mankind to draw from it the power with which to run automobiles, propel steamships, drive power plants and perform all the myriad tasks for which man now harnesses steam and electricity.

Such is the claim of Garabad T. K. Giragosian, who has been at the heels of Congress for the past eight years to grant him special patent protection for an alleged "free energy" invention. This invention, which Giragosian claims would at once relieve us of the necessity of damming, rivers, or digging in mines to obtain sources of power, would simply enable us to "tune in" on the energy that has been stored up in the atmosphere since creation began.

THIS unusual thing about Giragosian is that, unlike most inventors who seek special favors of kind at revolutionary discoveries, he is able to convince members of the patent committee of Congress that he "has something."

Back in 1911 a joint resolution providing for a demonstration of Giragosian's "free energy generator" was adopted by both houses of Congress.

This resolution guaranteed him full patent protection in case the test proved the analysis of a board of scientists.

Giragosian at that time declined to disclose his mechanism on the ground that the resolution put upon him the burden of proving that he was the "first and original inventor" of the method, which he said he would be unable to do.

An amended resolution relieving the inventor of the necessity of such proof, but drawn so as to protect other inventors or discoverers making similar claims, has been reported from the House Patents Committee to the present Congress.

THIS forward strides made in recent years by such inventions as the airplane and radio have made members of Congress particularly chary about branding any claimed invention as a "fake."

And this Boston inventor has been able to impress the Congressional committee with his general high intelligence and integrity that he has them all "guzzling."

"Scientists tell us over 7000 different products can be produced from coal," Giragosian says. "We now turn this coal to get energy, thereby destroying forever the ingredients it contains."

"All this would be saved to future generations by my free energy generator. And in the meantime industrial and social reforms beyond anything yet dreamed of could be accomplished."

LET the man at the right gasoline pump do all the cranking that your motor will need — or stand out in front of your car in the wintry blast and sample some cranking of a less enjoyable sort.

The right pump is important. Heavy fuel of too late an "initial" or igniting point costs less by the gallon but its slower firing puts an extra load on your starting battery just in the short-day-and-long-night season when charging is low and lighting is at the highest peak.

To your sorrow, you make up for the "economy" by hand cranking, recharging the battery — if it doesn't freeze — and the risk of oil dilution from too much priming and choking.

Silver Flash Gasoline

protects you from every drawback and discomfort of slow-vaporizing fuel. Because it is genuine, real gasoline of early ignition point, it vaporizes freely, fires instantly, explodes completely—without drag on battery or need of excess priming. No kerosene or free carbon retard its instant action. Its steady use is the biggest contribution toward comfortable winter driving.

Buck Harris Will Put Same Fielders in Game For Washington Again Next Year

READY TO START APRIL 15

Only Changes Will be Made in Pitching With New Ones Added and Old Ones Retained

By WILLIAM J. McEVROY
(U. P. Staff Correspondent)

Washington, Dec. 30—Buck Harris will stand pat with his world's champion baseball combination.

When the Senators take the field April 15, the same fielders will be at their posts as finished the season victorious in the American League and against the Giants last fall.

Roger Peckinpaugh will be in his place at short stop—he has sent word to Harris that his leg, injured in the big series, is completely healed and ready for work. Cassie Bluege will be back at third, Joe Judge at first and Bucky himself at second.

There will be no switch in the outfield. Earl McNeely whose two base swat put over the winning run in that last thrilling encounter of the world's series, will be in center. Goose Goslin in left and Sam Rice in right.

When it comes to pitchers, the changes will be in additions, not subtractions. Walter Johnson will pitch the opening game and take his turn all season, according to present indications. His deal for a Pacific Coast club fell through and it looks now as if he will come back. Zachary and Mordridge, old timers and young Marberry, the lemon relief hurler, will be on deck.

The newcomers are Coveleskie, late of Cleveland, Dutch Ruether, of Brooklyn and Vean Gregg, star of another day, rescued from the minors. All three are hardened veterans and some way beyond their prime.

To critics who rap Harris for "starting an old man's home" Bucky retorts, "I have won all the honors in baseball and now I must defend them. It was necessary to get pitchers who could give me immediate results and I believe I have succeeded."

Harris will have two promising youngsters on his mound staff—George Kelly, a winner with Memphis last season and Benson Brillhart who was with the Senators two years ago. The redoubtable Muddy Ruel and young Bernard Tate will be on the receiving end of the slants offered up by the Senatorial tossers.

One tender spot that almost cost Washington the series, has not been overlooked. Mike Donnelly, ex-Yankee will bolster up the infield and Peck's leg fails to come through.

New York—The Irish Free State was the first nation to challenge for the Davis cup in 1925. Switzerland was second.

Don't let the vacation this week, get the best of you, Lions. Remember the old fight! Carthage is back in school this week, and they are putting in extra ticks, ready to trim you.

Don't underestimate the Carthage bunch. They play wild at times, and they are due to be wild Friday night. Don't let 'em cross the foul line, because that is where they are dangerous.

WATCH THEM AND SILENCE. THEY'RE DANGEROUS

Must have been some tourney at Greensburg last Friday and Saturday, when sixteen independent teams were entered. The final game was a forfeit, 2 to 0 in favor of Columbus.

Let's do the forfeiting. A wrangle between Letts and Milroy caused that game to be played over. Moscow and Columbus went overtime in their game. Independent basketball in Rushville is a dead issue, and no interest can be aroused in it.

SAVE IT FOR CIVIL

Markin 'em up at Newcastle told Hittin' 'em before the basketball game Saturday night, that he had spent all Saturday afternoon writing poetry about the Lions and the game. After the game, he said his work was all for nothing.

Up at the game the other night, we met Russell Alexander of the Greenacres Banner, who conducts the "Pass and Shoot" column in the paper. "Mex" said Rushville had a good team, and suggested that they should settle down a trifle and play more consistent basketball.

In his column before the Newcastle game, Pass and Shoot commented as follows:

Rushville 45; Brownsburg 40. Not so bad but would suggest that you run those Lions around the gym twenty times before each game and warm 'em up so that they can play during the first half.

WILL RADIO A GAME

Over at Martinsville Saturday night, they are going to tackle the Stivers high school of Dayton. The game is looked upon as an important one. Martinsville is state champion of Indiana and Stivers is the Ohio champ. The game also will be broadcasted over the radio through special arrangements with WFBM, a new 500 watt station in Indianapolis, which will run a wire to the gym. The station is on 268 meters, and the play will be given as the ball is in play.

IT WILL TAKE MORE THAN PEP TO BEAT 'EM

Ain't no use prolonging it, but am gonna tell you that we'll have to get busy and start to pep up things for that battle with the Columbus Bull Dogs or they'll do all the discovering and I don't mean maybe.

—Side Lights, Cville.

STOP UP YOUR EARS

And after Markin 'em up of Newcastle suggested a song for E. I. over at Connersville, entitled, "Losin' Blues" along comes E. I. and says why not sing a duet?

This stuff is getting so good that our head setter can't wait until it is proved up, so she stands behind us and reads it as it comes off the typewriter, letter for letter.

Muncie plays at Richmond Friday night. The Rushville second team plays the Richmond second team as a curtain raiser. You young Lions must make a good impression and pave the way for the Roarin' Lions on the following Friday.

Don't forget that Carthage has a new gym. They formerly played in the auditorium, but when the school was rebuilt last summer, it included a gym, built a great deal on the plan of the Rushville gym.

Renegar, Carthage back guard, is listed as a star. The thing to do is for Newbold, Arbuckle and Lakin to

come down the floor at once, and see if he can handle all three of 'em. If he can, we'll say he is a good one.

Miller, Rushville back guard, ought to be at home on that floor, if it is like the local court. Drop in a few for good measure.

Mae has been off on shooting in the last few games, but it doesn't make any difference as long as he keeps up the old fight, and plays the game on the defense and pass work.

The main thing Friday night, is not to let the Carthage team get down the floor. Hold tight to the defense.

Wainwright comes under the basket in good shape. As a rule he can find the basket when a goal is needed. He makes a good running mate for Newbold, when the line-up is shifted.

Practice on foul Goals. Make 'em Count. Also Keep Yourself From Fouling.

THEY NEED ONE, SAYS RUSSELL FANS

ALL YOU FANS WHEN YOU GET IN THE NEW GYM THIS EVENING JUST TAKE A LOOK UP IN THE NORTHWEST CORNER OF THE NORTH WALL AND SEE FOR YOURSELVES HOW NICE A PLACE IT WOULD BE FOR AN ELECTRIC SCORE BOARD.

—Newcastle Courier

Rushville fans and players were at a loss to understand why Newcastle did not have a score board that could be seen. They had a dinky blackboard in one corner and not even the players could see it. The gym is a new one, and plans are on foot there to have some public spirited fan donate a \$300 electric score board.

Basketballs of Washington comments on Rushville as follows:

We just got the 'low down' on the 45 to 40 defeat Rushville handed Brownsburg Wednesday night. The 'Browns' led 25 to 15 at half time so you can take it or leave it but those Lions certainly had to muster the old fight in the last half to win.

There are about six games scheduled in Indiana tonight, chief among which is the one at Newcastle where the Trojans will entertain the Rushville Lions in the new gym dedicated a week or so ago. It don't make any difference to anybody (except Rushville) so we're going to pick the Lions to win this game. But you don't need to think they won't have to keep going all the way.

Keep Carthage in mind They have something up their sleeves. Make 'em keep it there.

PRACTICE TONIGHT

Coach Swain called attention today to the Lions to meet at the gym at 6:30 tonight for a work-out. Be there!

Here is a winter playground little more than a day's ride from Northern points. Yet it is as different as the seasons in climate; and like another world in its unusual charms of scenery and historic background. From Pensacola and Mobile to New Orleans, including Escambia, Ocean Springs, Biloxi, Mississippi City, Gulfport, Pass Christian and Bay St. Louis, excellent facilities are afforded for rest and for play. There are modern hotels to cater to your convenience indoors; and sporty golf courses, boating on the Gulf, horseback riding, hunting and fishing to provide continual diversion outdoors. A winter vacation on the Gulf Coast is easy to plan and delightful to experience.

The L. & N. serves the Gulf Coast with through daily trains from the North. Winter fares are very moderate. The undersigned will gladly furnish descriptive literature, give you full information about hotels, train schedules, etc., and arrange sleeper reservations.
